Section VIII Statement of Accuracy

NOTE: Please be sure you have checked the appropriate box in section VI and signed your name in Section VIII. Give this form to your Pathfinder Leader for their files. (You do not need to send this to the Conference Office).

It is the goal of every director to have the best qualified personnel available for his/her club. Therefore, we request all present and future Pathfinder and Adventurer Staff to fill out this form so we might analyze their leadership potential. This record may be used to evaluate present and prospective Pathfinder and Adventurer Staff.

Section VI deals with unlawful conduct. This section has been included to protect Pathfinder and Adventurer Club members from abuse and protect the Seventh-day Adventist Church organization from recommending any staff member who has had a problem in this area. This form does not exclude anyone from obtaining a Criminal Record Check.

If the Conference Pathfinder or Adventurer Director recommends the applicant, information in Sections 1 to 5 will be copied and sent to the local pathfinder/Adventurer Club for the Director to use in determining staff qualifications. If the applicant has not been approved, none of the information will be forwarded.

When a local club director requests a recommendation, specifics may not be released and may respond only with "recommended," not "not recommended," or "recommended with conditions noted."

All information on this application will become a permanent record and should include updates. In the event of accusations against the applicant, opportunity should be given for response by the accused. This response also becomes a part of the record.

We regret having to include a section on unlawful conduct, however, understanding the epidemic proportions of this problem, it becomes necessary to create a data base to protect children, parents, pathfinder/Adventurer Staff and the Church organization.

This document was approved December 2, 1993 by the British Columbia Pathfinder Council in consultation with the club directors. It was also a voted mandate of the BC Conference Executive Committee on November 14, 1993.
